Note:

1. Open-use ToO programs can apply to all open-use (NAOJ) time including Director's Discretionary Time (NAOJ) as well as to Observatory time.
2. Open-use ToO programs can override normal and ToO programs that have priorities lower than those of the overrides during open-use time.
3. Both open-use ToO and Kyoto U. ToO programs can override Observatory-time programs on a first-come-first-served basis.
4. Normal programs which lose observing time due to ToO overrides are entitled to a compensation time on a best effort basis.
5. Directors Discretionary Time will be used for the compensation for loss of observing time due to ToO overrides.
